

SPRING REWIND HOSE REELS

RAMEX IS AN ITALIAN COMPANY PRODUCING A WIDE VARIETY OF HIGH QUALITY HOSE REELS FOR MANY APPLICATIONS.

With RAMEX you can count on:

- Strength and Durability: All their products are designed and developed to last!
- Variety & Flexibility: RAMEX offers a complete range of products, suitable for all kinds of Fluid Transfer Applications
- Innovation: RAMEX is driven by a desire to bring new innovation and product improvements in order to ensure reliable products to their customers.
- Continuous improvement process: Ramex is always looking to improve the quality of the reels. In 2022, RAMEX implemented a robotic welding machine, updated the Reel Flange design, as well as the Swivel Joint design for improved durability.
- Reel includes a quality German made Retraction Spring.

Now available in blue!

	HR1000FEH	HR1000FEBL	HR1000H	HR3500FEH	HR3500FEBL	HR3500H
Max Pressure (PSI)	3,500					
Hose Capacity	50'			115'		
Hose ID	1/4" & 3/8" & 1/2"					
Max Temperature	280°F					
Inlet	1/2" M					
Outlet	1/2" F
