

## HOT WATER PRESSURE WASHER

**DGF SERIES**

**Direct Drive - Gas Powered - Fuel Oil Heated**

### HIGH-EFFICIENCY COIL FOR CLASS- LEADING FUEL ECONOMY!

**25% Fuel Savings over the Competition\***  
(With comparable outlet temperature\*)

**18 Months Return on Investment!\*\***  
(Based on reduced fuel usage\*\*)

SPECIFICATIONS	H4035DGF
Pressure	3,500
Volume (GPM)	3.8
Engine (HP)	13 HP Honda GX390
Pump Speed (RPM)	3,600
BTU	290,000
Burner	12 Volt
Unit Dimensions (LxWxH)	40" x 30" x 43"
Unit Weight	475 lbs

### FEATURES

- Honda 13HP GX Engine with Electric Start, Low Oil Alert & 18A Charging System
- Downstream Chemical Injector
- Separate Unloader
- Interpump Triplex Plunger Pump
- Inlet Strainer & Thermal Relief Valve
- Quality 48" Vented Lance with PA Gun
- 0°, 15°, 25° and Soap QC Nozzles
- 50' High Pressure Hose
- 13" Pneumatic Tires
- Large Fuel Tank
- Hose Reel Mounting Plate
- Stainless Steel Coil Skin, Base & Target Plate
- Replaceable Fuse
- Large Burner
- Easy Access Temperature Dial
- Easy Access Control Panel
- Heavy Duty Steel Roll Cage
- Easy Access On/Off Rocker Switch

### OTHER FEATURES

- High Pressure Blow Off Valve
- 12v Beckett Burner
