

General Wire Gen-Eye Mini Pod pipe Inspection System - Get the real picture

- Precise**
 - Video pipe inspection system provides realtime view of plumbing problems for accurate diagnostic and estimation of plumbing problems
 - Super sensitive color mini camera slides through 2" to 4" cast iron pipes and delivers perfect images
- Complete**
 - Kit includes super light sensitive camera, a separate reel with 125'ft of Flexicore wire-roped reinforced push-rod cable, video out connection and 5.6" LCD screen
 - Sensitive digital locator to precisely identify location of problems available
 - More heavy-duty models are also available

GW-GP-A

GW-GP-B

Model	GW-GP-A
Description	General Wire Gen-Eye Mini-Pod Pipe Inspection System
Power Requirements:	120v, 60 Hz AC/12v DC
Max.Distance	175'
LCD Screen Dimensions	5.6"

General Wire Kinetic Water Ram - Open Clogged Pipes with Shock Action!

- Forceful**
 - Blast through rust, grease, sediment & scale for instant drain cleaning without using harmful chemicals or costly plumbers
 - Self-contained pump and pressure gauge lets you hit stoppage with just the right amount of force with no pressure build-up in pipe system to potentially damage plumbing
- Easy-to use**
 - Compact & lightweight stainless steel construction for easy cleaning and durability
 - Metal carrying case included for portability
 - Equipped with Schraeder valve for use with external air compressor for clearing difficult stoppages

Model	GWKR-A-WC
Description	Kinetic Water Ram
Cylinder	16 gauge plated cylinder
Max. Pressure	600 lbs
Pressure Gauge	160 lbs gearless pressure gauge
Standard Accessories	Caulking hose, 4" Tapered Rubber Cone, 5 Tapered Rubber Plugs
Weight	25 lbs

GWKR-A-WC

Kinetic Energy
Compressed air creates a shock wave of kinetic energy by hitting column of water in clogged pipe to knock out the stoppage.

GW100H

General Wire Flat Sewer Rod - Cuts through the grime

- Tough**
 - Oil-tempered spring steel flat sewer tape
 - Rust-ban coating extends working life
 - 100' x 0.5" x 0.125" ideal for going through 2" - 4" pipes
- Simple**
 - Rod is bolted to the holder in 4 points to stop it from springing out while engaged
 - Quick-Grip handle makes work go faster
 - Roller-head cuts through clogs quickly

Model	GW100H
Description	100' Flat Sewer Rod
Working Rod Dimensions	100' L x 0.5" x 0.125"
Weight	22 lbs
